Securemax® Fence System Warranty

Dear Customer,

Australian Security Fencing Pty Ltd (ASF), manufacture using the finest quality materials. Our Securemax® mesh is manufactured to AS NZS 4534-2006 and also hot dip galvanised to AS NZS 4680-2006.

ASF guarantees the Securemax® fence system including Securemax® weld mesh sheets, posts and top and bottom rails, will provide a functioning effective security barrier fence for 10 years providing the fence is installed a minimum 10kms from the ocean and in a non-corrosive environment.

Australian Security Fencing Pty Ltd., offer an unconditional 12 month warranty.

All goods supplied by Australian Security Fencing, are done so as per "Australian Security Fencing general terms and conditions" and at our discretion, we will either repair or replace product that proves to be defective within the 10 years following installation.

The warranty excludes any damage caused by;

Mistreatment or misuse of the product after sales.

Defects resulting from acts of God.

Modifications made by the buyer or any third party.

Neglect or abuse of product by buyer or public after sale.

The Securemax® mesh and frames must be cleaned every 3 months to remove any salt or residue deposited by natural air flow.

If you require any further information please contact Australian Security Fencing Pty Ltd.
